

One number for UR Medicine.

(585) 275-URMD (8763)

Toll Free (844) 500-8763

An exclusive number for doctors and their staff, giving them easy access to the UR Medicine services they need most:

SPECIALIST REFERRALS

Set up an appointment with any UR Medicine specialist.

URGENT REFERRALS

Connect with the UR Medicine Transfer Center to facilitate urgent referrals.

PATIENT INFORMATION TRANSFER

Get instructions for transferring critical patient information to the UR Medicine care team.

PATIENT STATUS UPDATES

Connect with your patient's attending physician for updates on procedures or outcomes.

CARE COORDINATION

Get information on post-discharge care and relevant support services for your patients.

GENERAL QUESTIONS

Get answers to any questions you have about UR Medicine.

CONSULT SERVICES

Get advice from UR Medicine specialists 24/7 or facilitate transfer of your patients when needed.

For your convenience, our Access Guide is available on line – simply visit **Physicians.URMC.edu** for an electronic version. You'll also get quick links to eRecord and ePartner, as well as learn about CME offerings, our new physicians and much more!

ePartner@URMC.Rochester.edu

UR Medicine's Electronic Health Record system is called eRecord. Community providers who work with UR Medicine may be eligible for ePartner access, a view-only portal into eRecord. ePartner enables community partners who refer patients (and their staff members) to view lab or radiology results, among other activities.

WHAT TO EXPECT WITH ePARTNER

ePartner is a secure, web-based portal that allows community physicians and their nursing staff to view real-time information about their patients' hospital stays, as well as access patients' lab tests and imaging results before a discharge summary has been completed. ePartner can be viewed on both PCs and Macs.

WHAT'S INVOLVED IN USING ePARTNER?

We've made access to ePartner streamlined for our community physicians and their office staff, while ensuring the security and appropriate use of medical records for our patients. To gain access to this system, please contact the Regional Liaison, ePartner@URMC.Rochester.edu, or call our help desk at (585) 275-3200. The Regional Liaison will work with each practice to identify the physicians, nurses and staff who need access. You also will need to sign documentation that indemnifies URMC for the use of the system. Once these steps are completed, you'll be ready to go.

It takes a couple of weeks to complete the important security and administrative work necessary for each user to have access, including some online training and release of a username and password. At this point, you can sign into our secure network, accessible through <http://remote.urmc.edu>.

To learn more about ePartner, please visit www.ePartner.URMC.edu.

ePARTNER: FREQUENTLY ASKED QUESTIONS

Does everyone get the same version of ePartner?

No. We'll work with each practice to understand what best suits how you and your staff interact with UR Medicine facilities, and then match your needs with a version configured to ensure that patients' information is protected and secure. If you refer patients and order labs through UR Medicine, we'll recommend Chart View access. Or, if your interaction is solely limited to labs, we'll provide you with a streamlined view so you can quickly and easily access lab results.

Can I update information displayed in ePartner?

No, because ePartner is a view-only version of eRecord. You cannot add to a patient chart, or make any notation in the system using ePartner. However, if you are aware that specific patient information should be updated (for example, a patient's PCP), please contact the ISD help desk at (585) 275-3200 to request the change.

Will all my patients be in ePartner?

Any patient who has been seen at a UR Medicine facility is included in ePartner. These locations include Strong Memorial Hospital, Highland Hospital, F.F. Thompson Hospital, Highlands at Brighton, Highland Living Center, lab draw stations, imaging locations, etc. Your access will be limited to patients with whom you are linked (by ordering a test, being identified as the patient's PCP, admitting the patient, etc.). If you are not formally linked to a specific patient in our system, please use "Request a Patient" in the inbasket to request access to that patient's record.

Can my patients see the same lab and imaging results?

Patients have access to limited chart information through MyChart. This includes lab and imaging results. Be aware that test results may be available to patients via MyChart before you have an opportunity to review and discuss them with your patient.

Can I print information from the patient's chart?

Yes.

Are there special computer requirements?

There are minimal requirements. Because ePartner is web-based, very little computer setup is necessary. In fact, ePartner is viewable on most PCs. You will simply need to be on the URMC secure network to login to ePartner, which is easily accessible through <http://remote.urmc.edu>.

Accessing ePartner requires the following:

- Any Internet browser and network connection
- Any operating system (PC or Mac)
- Citrix installation

For information about ePartner, please visit www.ePartner.URMC.edu.

Finger Lakes Office

756 Pre-Emption Road, Geneva, NY 14456

Regional Coverage: UR Medicine Home Care serves seven counties (Monroe, Livingston, Wyoming, Ontario, Seneca, Wayne and Yates) to match the hospital affiliations with UR Medicine. Hospice services are available in three counties (Monroe, Ontario and Yates).

HOME CARE

Services are available seven days a week.

Skilled Nursing

Rehabilitation (physical therapy, occupational therapy, speech language therapy)

Home Health Aide

Palliative Care

Diabetes and Nutrition Counseling

HIV

Infusion Therapy

Neurological Rehabilitation

Pain Management

Social Work

Wound/Ostomy/Continenence Care

Cancer Care

Cardiac, pulmonary and vascular assessment

Symptom and disease management for heart failure, cardiac surgery, COPD and pneumonia

Daily monitoring through telehealth

Oximeter testing

HOSPICE (Monroe, Ontario and Yates)

Pain and symptom management/Medication Comfort Care Kit

Nursing/social work/counseling/pastoral care/bereavement

Provided at home, comfort care home, skilled nursing facility and hospital

Hospice-trained home health aides

Volunteer services (errands, memory book, pet therapy)

PALLIATIVE CARE

Enteral Therapy

Pain Control

Wound, Ostomy

Symptom Management

Venipuncture, blood draws

Infusion therapy, home chemotherapy

In-home consultation by NP or medical director

REHABILITATION CARE

OT, PT and speech therapy

Safety evaluation to assess for intervention needed to keep the patient functioning safely in their home

"Focus on Falls" – a falls prevention program

NEUROLOGICAL REHABILITATION

Stroke, TBI, ALS, MD, MS, Parkinson's, Guillain-Barré Syndrome and spinal cord injuries

Multidisciplinary team of diverse professionals including therapists, nurses, medical social workers, clinical dietitian and home health aides

INFUSION THERAPY

Registered nurse home visits

Infusion Catheter/Port Maintenance

Nutritional Tube Feeding

Home delivery for infusion products

VISITING NURSE SIGNATURE CARE/FINGER LAKES HOME CARE

Nursing service: routine assessments, med box prefills, care plan oversight

Home health aide: assistance with personal care, med reminders, meal preparation and more

Companion care: non-hands-on general assistance including housekeeping, companionship and meal preparation

ASSISTIVE TECHNOLOGY

Peripherals include scale, blood pressure/pulse monitor, oximeter and BG monitor

Intervention when changes in a patient's condition are identified, greatly reducing re-hospitalization or ED visits

Promotes long term disease management and patient education

Personal Emergency Response System

Medication Dispenser

MEALS ON WHEELS (Monroe)

Requests for service can be made by anyone – family, friend or physician.

Although private insurance and Medicare do not cover the cost of meals, most meals can be subsidized.

PEDIATRICS

Skilled nursing

Social work

Physical Therapy

Occupational Therapy

Speech Language Therapy

For home healthcare services:

Speak to one of our intake specialists, consult one of our Home Care Coordinators at any one of the local hospitals, or send an online referral at homecare.urmc.edu
